

Flood mitigation for your property

Considerations for Shops

1. We recommend a Flood Risk Assessment to establish if current flooding incident was worst case scenario
2. Special attention should be paid to the shop front where glazed

Drains

Non-Return Valve for main drain runs

Non-Return Valve for smaller waste pipes

1

Utility Service Entry Points

Single Service Entry Seal

Multi Service Entry Seal

2

Air Bricks

Self Closing Air Brick

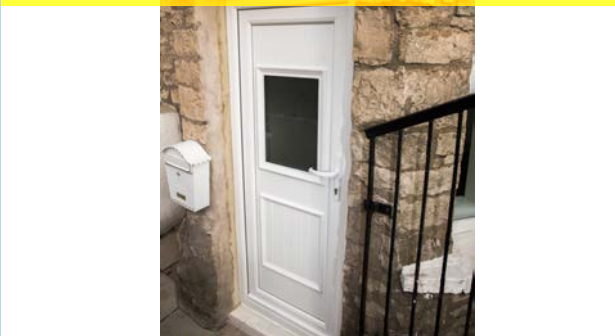

Air Brick Cover

3

Flood Doors

Domestic

Commercial

4

Door Flood Barriers

5

Door Flood Barriers

Stop Log Systems for larger openings

Pumps

6

Puddle Pump for Solid Floors

Sump Pump for Floor Voids under Timber Floors

Waterproofing Walls

7

Domestic

Commercial

24/7 EMERGENCY RESPONSE
0800 592 827
