

Quality Policy Statement

The Executive Management and all personnel of the Adler and Allan Group are fully committed to a comprehensive and developing policy of assuring the supply of quality goods, processes and services in accordance with the Company's organisational goals, the expectations and needs of all clients and interested parties in all spheres of the company's activities and operations.

The Company's Quality Assurance System is certified to BS EN ISO 9001:2015.

We are also certified to ISO/IEC 17020:2012 and ISO/IEC 17025:2005

Adler and Allan's objectives are to: -

- Continually monitor our performance in order to enhance customer satisfaction
- Work with all our interested parties to continually improve our management systems
- Comply with all legislation and regulation that is specific to our business activities

The Directors and Senior Management accept the total responsibility for the provision of qualified and experienced management, personnel and skilled craftsmen, suitable resources, documented working practices and procedures to ensure all contract commitments are both efficiently and effectively expedited and achieved.

To ensure the working effectiveness of the Company's Management System, the Directors have appointed a Quality Manager with responsibility for the continuity of the Quality Management System including the continual review of company policies and procedures in line with our current business activities to ensure full compliance with International Standards for Quality Management Systems.

The company's Quality Policy is a corporate statement regarding quality of product, goods, processes and services, which is totally supported by the Directors, all management and personnel within the Adler and Allan Group.

This Policy is reviewed annually.
