

1st October 2025

To whom it may concern

Dear Sirs

CONFIRMATION OF INSURANCE :

INSURED:

Cheshire TopCo Limited (trading as Adler and Allan Limited) and/or any Subsidiary Company and/or Companies Associated by Shareholding not expressly excluded

As requested by the above client, we are writing to confirm that we act as Insurance Brokers to the client and that we have arranged insurances on its behalf as detailed below:

Business Description:

Response Fluid and Chemical

oil, hazmat, chemical, disaster, flood response and clean up; marine protection and response; oxygen depletion response; pond and lagoon cleaning; spill kit and equipment supply and training; spill training. Management of firewater. Confined space Entry/rescue. Small boat operation (Commercial Endorsement to operate RHIBs)

Pollution control

bund water control installation and servicing; check valve installation and servicing.

Electronic Monitoring

CCTV services; Sonar tracing (probe and mark),

Dry Remediation

fly tipping clearance; site clear up and plant removal, site decontamination,

Wet Remediation

drainage services high pressure industrial water jetting; process plant decommissioning, tankering; liquid waste collection and disposal; waste treatment;

Plant and Vehicles

road tanker testing; repair and servicing of own and third party vehicles and plant.

Fuel and Forecourt

hazardous area electrical works; tank and line testing and refiner; fuel polishing and mobile tank cleaning; fuel sampling and laboratory analysis; emergency fuel supply; fuel uplifts and transfers; road tanker inspection and testing.

Environmental plant services

remote systems monitoring; separator alarms and servicing; separator PPM; servicing and audits; separator supply and installation; supply and installation of sockit filtration systems; treatment plant servicing

Environmental Action

environmental consultancy; environmental claims management; contaminated land consultancy and management; geo-environmental consultancy; ground investigation; environmental; pollution and incident response planning, Climate Change risk assessments, environmental site audit; flood, remediation consultancy, emergency incident advice, emergency dangerous goods telephone numbers, water and environmental monitoring; ecology services; ecological impact assessment; habitat restoration and design; protected species surveys; invasive plant management, DSEAR risk Assessments/reports, PFAS consultancy services/treatment/disposal

ESG Maintenance

Sustainability Consultancy; decarbonisation; risk assessment, environmental risk management training; consultancy; site survey, waste classification; analysis of fuel oils, soils, building materials, organic matter and waters.

Location focussed

ports and harbours consultancy; R&D bespoke solutions; site survey, dangerous goods safety auditing, advice and training; safety data sheets and labelling

Technical Services

bund and containment construction; complex civils and building maintenance; interception installation; flood risk assessment and resilience; fuel PPM and POL services.

Protective Coating and Lining Services

bund lining, pipe and tank coating.

Tank Services Inspections

compliance inspection and reporting, hazardous area electrical inspections; storage tanks and pipelines assessments for the Petro-Chemical Refineries, storage tanks and pipelines assessments for Tank storage terminals.

Tank Services Install and testing –

cathodic corrosion protection; fuel tank installation services; pipework installation and testing; remote tank monitoring; tank cleaning and purging; tank decommission and removal; tank repair. tank and line testing; Non-Destructive Testing Inspections and specialist Tank and Pipeline Integrity assessments for above ground, Non-Destructive Testing Inspections and specialist Tank and Pipeline Integrity assessments for below ground,

Design and Build

Design & Design & build of fuel systems, Design & Design & build of hazardous liquid and gas handling systems including; pipelines, hydrants, Motor transport refuelling facilities (Ship, Train and Truck Loading facilities)

Bulk Fuel facilities

Bespoke services for on operation of bulk Fuel Storage Infrastructure including air hydrant operations.

Internal/external drainage work/repairs and installation

Interceptor/separator install, Pump station install and refurbishment, Wash bay install, Drain surveys, Patch lining, UV Lining, Hot Cure Lining, Ambient Cure Lining, Pressure main re-liner, Line cleansing and vacuum operations, Integrity audits on tanks (all aspects), Bund installs/lining Blockage clearances.

Construction Related

Blockwork/brickwork, Robotic Cutting, Excavations, CPCS trained excavator drivers, Sheet piling, Civil/structural engineering, Tank decommissioning and removals (above/below ground), High spec concrete work, Install of drainage closure devices (containment on site for pollution prevention), Minor Internal works, minor civils in the gas industry electrical full turnkey solutions electric vehicle charging infrastructure, electrical connections for residential developments, grid connections and maintenance and support services for our client electrical networks, shallow and deep excavations, kerbing, concreting, and duct work, the installation of small treatment plants.

Permits and Consultancy

Environmental permits and regulatory applications, Technical advice and guidance on environmental compliance, early detection of flooding short and permanent flow monitoring projects. CSO monitoring networks and processes consultancy Consultants in water smart network monitoring of the sewer, Asset Strategy. Asset Intelligence, Regulatory Business Planning, Governance & Assurance, Commercial Engineering, Process Engineering, Concept Engineering, Automated Engineering, Detailed Design, Procurement & Contracts Strategy, Commercial & Contract Management, Cost Intelligence & Benchmarking, Portfolio/Programme/Project Management, Cost Estimation & Cost Planning permittry software

Wastewater specialists

CCTV Surveying, sewer cleaning, tanker services, blockage clearances, drain and sewer maintenance and sewage treatment specialists. welding and coating inspection welded steel pipelines Clearing drains, surface water outfall including screens refurbishing manholes and benches, conducting minor to major pipework repairs cleaning up pollution incidents high-pressure water jetting,

replacing entire drainage systems, addressing blockages both inside and outside properties, transporting sludge from sewage treatment facilities, tankering, and cleaning tanks using high-pressure water jetting, installing non-return valves and interceptors, surface foul water and water networks, CIPP lining and pressure main lining, complete with pressure testing

(Remote) monitoring of infrastructure systems and related services.

Designs and manufactures a range of ultrasonic wastewater flow, level and water quality monitoring equipment for smart network monitoring of sewerage, wastewater and trade effluent. Flow meters flow measurement ultrasonic inflow and infiltration rates.

TYPE OF INSURANCE

PROFESSIONAL INDEMNITY

INSURER:

Primary: C N A , AWAC & Allianz
Excess: Talbot, IGI & TMHCC

POLICY NUMBER:

Primary: B0509CREGZ2550139
Excess: B0509CREGZ2550140

PERIOD OF INSURANCE:

1st October 2025 to 30th September 2026 both days inclusive

LOSS LIMIT:

GBP 10,000,000 any one claim

DEDUCTIBLE:

GBP 100,000 each and every claim

We have placed the insurance which is the subject of this letter after consultation with the client and based upon the client's instructions only. Terms of coverage, including limits and deductibles, are based upon information furnished to us by the client, which information we have not independently verified.

This letter is issued as a matter of information only and confers no right upon you other than those provided by the policy. This letter does not amend, extend or alter the coverage afforded by the policies described herein. Notwithstanding any requirement, term or condition of any contract or other document with respect to which this letter may be issued or pertain, the insurance afforded by the policy (policies) described herein is subject to all terms, conditions, limitations, exclusions and cancellation provisions and may also be subject to warranties. Limits shown may have been reduced by paid claims.

We express no view and assume no liability with respect to the solvency or future ability to pay any of the insurance companies which have issued the insurance(s).

We assume no obligation to advise yourselves of any developments regarding the insurance(s) subsequent to the date hereof. This letter is given on the condition that you forever waive any liability against us based upon the placement of the insurance(s) and/or the statements made herein with the exception only of wilful default, recklessness or fraud.

This letter may not be reproduced by you or used for any other purpose without our prior written consent.
This letter shall be governed by and shall be construed in accordance with English law.

Yours faithfully,

Maurice Nepaul
